^{*}Mileage rate listed is for 2WD. The State does allow 4WD reimbursement at \$.52/mile, however the need to utilize 4WD for safe travel must be documented and provided with your reimbursement in order to claim this rate.

Per Diem Explanations:

Please note any meals provided during trip (i.e. continental breakfast at hotel, lunch at conference, etc.). Please also provide location for meals being reimbursed at higher amount than location of stay. An example of this situation would be getting lunch during your travel in a county that provides a higher per diem amount.

\$76	\$18	\$19	\$34	\$5					

Footnotes:

- 1. Traveler reimbursement is based on the location of the work activities and not the accommodations, unless lodging is not available at the work activity, then the agency may authorize the rate where lodging is obtained.
- 2. When a military installation or Government-related facility (whether or not specifically named) is located partially within more than one city or county boundary, the applicable per diem rate for the entire installation or facility is the higher of the rates which apply to the cities and/or counties, even though part(s) of such activities may be located outside the defined per diem locality.

Frequently asked questions regarding travel:

What qualifies me to receive the incidental \$5 reimbursement?

You are only eligible to claim the \$5 incidental expense reimbursement on days where you had an overnight stay.

Should I use my home address or work address for mileage reimbursement?

The starting destination for your travel should be the most economical means of travel taking all aspects into consideration. If you live in Colorado Springs, work at the Broomfield office, and have a business trip to Fort Collins, it is expected that you would use your work address as the starting destination for mileage reimbursement (since you would otherwise be driving to the Broomfield office for work and commuting expenses are not eligible for reimbursement). Using the same example, if you had a full day business trip in Pueblo and traveled directly from home, you would use your home address as your starting destination. Please feel free to clarify this item with Business Operations staff if you have questions.

What meals are allowed for single day travel?

If travel is completed wholly within a single day, reimbursement for lunch shall not be allowed. If, however, an employ leaves home prior to 5:00 am, you are eligible to claim per diem for breakfast. Additionally, if the employee does not return home before 8:00 pm, you are eligible to claim per diem for dinner.

Should I claim the actual amount of meals while I'm traveling?

No, please reference the per diem rate table on the tab titled "Colorado Rates 10.1.16-9.30.17" for the amount to claim for each meal during your travel. This amount is based upon the destination of travel.

What if a meal is included in the conference or workshop I attend?

If a meal is provided during your travel and is included in the fees paid for attendance, you are not eligible to claim per diem for that meal.

Can I claim per diem for breakfast if the hotel I am staying at provides continental breakfast?

No, if your place of stay provides a continental breakfast, that is considered your breakfast and you are not eligible to claim ber diem for breakfast during your stay.

What documentation should I include with my travel reimbursement request?

You should include all non-meal receipts over \$25 that were paid by you personally during your travel. You also need to provide any conference agendas to confirm per diems are not being claimed for meals provided. We would prefer you include as much documentation as you can to ensure there are no delays or questions with regards to your reimbursement.

If my meal is more than the per diem amount, can I get reimbursed for the actual cost?

No, you are only eligible to be reimbursed for the per diem amount listed for your destination of travel.

I forgot to submit a reimbursement request for travel 60 days ago. Can I still submit my reimbursement request?

Fiscal Rule 5-1, Item 9 states that a reimbursement request shall be filed within 60 days of completion of travel to allow for proper recording of expenses and to obtain reimbursement for approved travel expenses. If you have a reimbursement request that is past 60 days completion of travel, a written request must be submitted to the Commissioner's Office with Division Director signature. Allowance of reimbursement will be at the discretion of the Commissioner's Office and dependent on frequency of violation
